8. Research done by Nancy Bolander Wall, 7255 West Cox Road, Pleasant Hill, Ohio, 45359. Miami County, Ohio, Recorder's Office: 1 Mar 1873 S. E. Simons' heirs sold to John L. Carpenter 47 Ft. N. End of Lot 119 in Troy for \$850. House is still standing but extensively remodeled. As a side note, one of the "heirs" mentioned was the researcher's 4great grandmother. And to top it off, when John L. and Mary J. Carpenter sold the house 25 May 1878 for \$1000, they sold it back to the researcher's 4great grandmother and husband, W. W. and A. Edge, who in turn, transferred it to her 3rd great-grandmother, Nancy Kimble. Small world, yes?

When a basement fire in the Commerce Building in Washington, D.C. destroyed most of the 1890 federal census, a valuable source of information was lost to researchers of America's past. Ancestry.com, with the aid of the National Archives and Records Administration and the Allen County Public Library, now provides the first definitive online substitute for the missing census. More than 20 million records have been identified for inclusion in the collection and additions will be made regularly as they become available for posting. It will include fragments of the original 1890 census that survived the fire, special veterans schedules, several Native American tribe censuses for years surrounding 1890, state censuses (1885 or 1895), city and county directories, alumni directories, and voter registration documents. When completed, this collection will be an unparalleled tool for researchers of American ancestors.
